

Whitman says June 26 - 20 1864

friend who left Canada with me
is found two miles up the river and
considered with a trading company
the way out there dollars per day
Man there is no man that
looks to what could do very well
wishes to go throughout the
region of the north. But the place
is covered with a lot of letters
who come out after your journal
was sent to get a sample of paper
back and we do not have a
new colour. The cost of them
met better opportunity to come out
the whole of my account according
to this part with men who has excellent
most distinguished some way in Canada
during a last party of winter to
winter from a new mill that the country
that has no respect of persons the poor is
work or to turn that the man that is
willing to work here is a rich reward.
