My very dearest Mrs. Monat:

It was so good of  
you to write me that nice letter  
it must have caused you a  
great deal - (I hope not pain)  
It must be a very sore trial to  
you - and all her brothers & sisters  
but I hope God will comfort  
you all & bless you all - Dear  
Margaret - how she loved you  
& how little Lydia will miss  
her back last letter was so  
like dear Margaret's writing  
It shows how she must have  
helped her - Truf Gods ways

not like our ways. But what  
He does is for some wise pur-  
pose - & we must try & say  
Thy Will be done. However  
hard it seems. It must be  
a great comfort to know she  
had such a happy peaceful  
ending. She really sacrificed  
her life for another. She  
was really acting out Our  
Saviors Example. Greater  
Love have no man than  
this that a man lay  
down his life for his friend  
I hope God will comfort  
you all this Christmas as  
you cannot but miss her  
cherry way.

I have sent a few cards  
last week which I hope  
Lydia will get on Christmas  
day - I had wanted you  
to have this letter but it  
seemed difficult to get a  
few spare minutes - I

was so thankful you  
knew my sister - she was  
all in all to me - & dear  
Margaret knew her too

I hope you are all quite  
well - The weather here  
is getting colder we have  
had such a nice summer  
& autumn - We must expect  
frost & snow now - to be  
seasonable -

Please give my love to  
all your dear children  
The enclosed card is for  
little Lydia with my  
love. & may God bless  
you all & give you His  
Love & Peace & joy here  
& everlasting joy among  
the blessed & love ones  
hereafter with love

From your ever loving

Sister

Lydia
