SUNNIEST MARCH

SINCE 1913

Although the actual number of hours of sunshine are not available accurately, it is reported that we enjoyed more sunshine in March this year than in any other year since 1913. The high temperature during the month occurred on the 12th with 68° and the low temperature was on the 18th at 25°.

Maximum mean temperature for the month was 51.2° and the minimum mean temperature was 36°.

In March last year the high was 65° and the low was 30°.

Precipitation for the month this year was only 1.32 inches.

**JIM HAWKSWORTH
SUCCUMBS AFTER HEART
SURGERY**

Salt Spring Island people were shocked and saddened last Wednesday to hear of the sudden death of Jim Hawksworth early that morning. Mr. Hawksworth had undergone open heart surgery the previous week and was reported as recovering normally. It is understood that sudden complications set in several days after the operation.

Mr. Hawksworth was born and raised in the Vancouver area and came to live on Salt Spring some years

**DR. FRANCIS' PRIVATE HOSPITAL
TO CLOSE APRIL 15TH**

After 15 years of continuous service to the chronically ill and aged, the Dr. Francis' Private Hospital in Ganges will close its doors on the 15th of this month.

Dr. Francis states that the hospital is being forced to close because of "financial exigencies", and that the present government policies make it impossible for him to carry on. These policies have become more and more restrictive so that it is finally unable to pay its way. The operation as a whole has not been in the black for over 10 years and Dr. Francis himself has been making up the deficit out of his own resources.

Dr. Francis reports a trend on the part of the authorities to get rid of this kind of private hospital, made up from converted former homes of various kinds. This is happening all over the province, possibly in line with the recently announced government policy to hospitalize this kind of patient in more modern, hospital-like buildings. He says this may be successful from a hospital point of view but the patient will suffer from the lack of a necessary home atmosphere which he has striven successfully to provide here.

The present patient population of 17 men are to be transferred to the Richmond Heights Nursing Home in Saanich between now and the effective closing date.

Dr. Francis regrets the economic loss to the community in the loss of salaries, goods and services that the hospital has provided in the past. He speaks very highly of his staff and states that, but for them, he would have been forced to close much sooner.

Dr. Francis told Driftwood the buildings presently comprising the hospital, together with his own home adjacent to it are to be put up for sale immediately. He plans to move to Vancouver.

**McQUARRIE TO LOCAL
UNITED CHURCH**

Major Ernest McQuarrie, Army Area Chaplain, presently stationed at Edmonton has accepted a call to Salt Spring Island Congregation of the United Church of Canada, it was learned by Driftwood this week.

Rev. McQuarrie is attached to the Victoria Presbytery of the Church but has been a chaplain with the army for some time now. He is married and has four children.

Rev. McQuarrie succeeds Rev. Nora Hughes who leaves the charge this summer.

The McQuarries are expected to take up residence on the island some time in July.

FROM BONNETS

TO BOTTLES

60 boys are now participating in the Scout and Cub activities on this island and active is the word to describe them. They are not only engaged in basic training courses and badge work but they are also camping, hiking, remodelling the new Scout Hall at the foot of Bittancourt Road, washing cars, collecting beer bottles, playing games, taking bikehikes and even

making Mother's Easter Bonnet. All this was reported to the Group Committee meeting on March 31st. As there are only six leaders to cope with all the programs the Group Committee heard an urgent appeal for more leaders. If any member of the community is interested in giving Jim Heggecock and Cpl. F. Rhodes a hand, will he, or she, please get in touch with the abovenamed. The Group Committee is grateful to Mr. V. Jackson and Mr. Des Crofton for donated oil heaters to Norman Mouat for the fuel for the heaters, to the Bank of Montreal for a fire extinguisher, and to Mr. B. Trelford for a large boat for the Sea Scouts. The Legion, who sponsor the Scout activities on Salt Spring Island, are buying the insulation for the new hall and the boys are doing the work of installing it. The whole island will, we hope give its support to the Car Wash next Saturday and the bottle drive on May 29. And if anyone is interested in volunteering as Chief Assistant to the Assistant to the Assistant Chief, please telephone Cpl. Rhodes.

ART AT IT'S BEST

by Bea Hamilton

There was an appreciative response from the local people on Wednesday afternoon when an exhibition of paintings by local artist, H. B. Dickens, P. Eng. was sponsored by the Hall Committee at the Fulford Hall. There were over 90 outstanding pictures and about 30 of these were large paintings of landscapes and seascapes, and showed extraordinary life and colour.

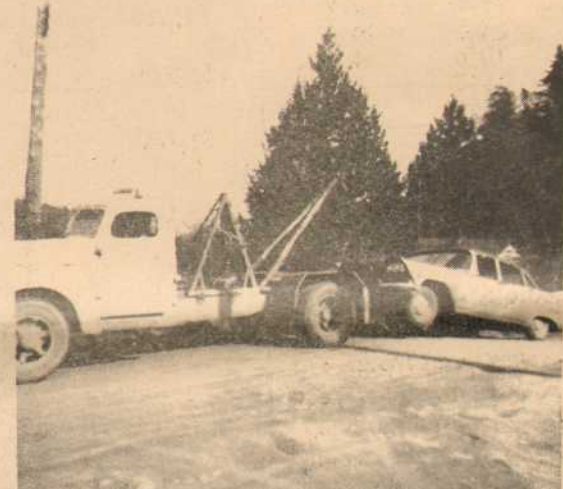

When asked about the beautiful effect Mr. Dickens explained that he was using a new synthetic resin-based medium called Cryla Color. This comes originally from England and has only been on the market for about one year. Mrs. Dickens when she returned home from a trip to the Old Country, brought some home and Mr. Dickens has made good use of these ever since.

"It is neither an oil paint nor a water color, though it will only mix with water, and it will not dissolve," said the artist, "It can be brushed on as in water colors or plastered on as in oils." It is quick drying and responds well to the mood

A lucky break? Showing the curve of the road by Lacy's and Jack Roland's car as it parted company from it's ball socket, lost control and screeched to a safe stop by H. Smith's place, the wheel bent and axle on the ground. And all members of the Roland family grounded too for a few days.....

The wrecker, of course, finished the job.

Bea Hamilton, photograph.

of the artist and to the setting of colorful scenes. My favourite and of several others, was a large painting of Cumberland hills, showing the rich dark red of the slopes and the deep green of the still waters below. This is the richest and most satisfying picture of all in my humble opinion.

Another spectacular picture was an old snag showing over by Navy Channel, this is stark and picturesque. I like it. But there were so many, all so lovely, and a comic theme here and there in sketches, portraits and scenes in England and other Countries. The exhibition, was arranged with skill and taste and the people brought in \$55 worth of appreciation

This helps the Fulford Hall funds, and is greatly appreciated by the community. In speaking of the paintings, Mrs. G. Dodds who is originally from Belgium was enthusiastic. "These are ex-

cellent" she said and she ought to know for her mother was a great artist in Brussels, and had even been congratulated by King Leopold II, of Belgium on her work. Afternoon tea was served by Mrs. Dickens and members of the community and a vote of thanks goes to her and to the artist, for giving the public a chance to see an outstanding art exhibition.

Mrs. Lazenby, in charge of the recent Red Cross canvass during the month of March for Ganges and North End reports receipts of \$1100 to date in response to the month-long appeal.

Mrs. Flewin, reported to Driftwood last week that she was very pleased that the matter of the accident to her car, mentioned in last week's issue had been cleared up. We are too.

The Guild of Sunshine wishes to thank all those who joined them for a delightful afternoon.

CLUB NEWS

by Bea Hamilton

The Fulford Athletic Club have decided to sponsor the Empire Day Festival on May 24th again this year to be held at Fulford. They hope to out-do last year's successful day and are arranging for parades, May Queen, concessions and what have you. The Student Council will be approached

to pick a queen from the School Grades. The May Queen's Ball will be held prior to May Day, on May 21st Friday. Here the 1964 Queen will reign for the last time with the exception of the crowning of the new 1965 Queen, whoever the lucky girl will be. Queen Pixie Thorburn is still our Queen until May 24th.

The above club held their meeting in the Hall last week and are planning the roller hockey awards presentation dance to be held with all pomp and ceremony on Easter Monday April 19th, in the Fulford Hall. Here the official presentation of all the trophies will be the highlight of the dance. All who donated will be invited to be there to make their presentations. This should be a big night for the young people of Saltspring who have gone so whole heartedly into the hockey sport. No doubt they have emerged battered and bruised but better men.

And that's not all. On April 24th, the Athletic Club and young people of Saltspring in general are sponsoring an all star versus the champs in an exhibition hockey match, several matches in fact. The juniors in the afternoon and seniors at night, to give all the parents and friends and fans a chance to see the boys in

W.I. NEWS

by Bea Hamilton

Members of the local W. I. met at the home of Mrs. R. Lee on Thursday, April 1st with ten members present. Mrs. Lee, President, welcomed the members and opened the meeting with the Lord's Prayer. Delegate to the W. I. Workshop and Conference of the South Vancouver Island W. I. to be held at Brentwood on Thursday, 8th April, is Mrs. R. Lee. Plans were made to hold a sale of home cooking and plants in action. The proceeds from this big night are to go towards the Lions Club Pioneer Village. This is an effort on the part of the young people to show their deep appreciation to the Lion's members for their original start in roller skating back in 1962, which opened the door eventually to this ever popular roller hockey. Also for the generous donation of the first \$1000 which put the good floor in the hall and for many other encouraging lifts in the struggle to keep the young people in active and healthy sports.

"We feel we owe a lot to the Lions and they need our help now," say the members. Tickets will be on sale for this right away. A donation was sent to the Lion's Easter Seal fund from the Club.

WHAT PRICE T.V.?

For our money, the T.V. program that is worth the price of a T.V. itself is the regular Sunday evening CBC show, "This Hour Has Seven Days." Even if this were the only TV opportunity in the week, it would still be worth the investment.

It is to be hoped that the forces of Censorship and the establishment do not succeed in their behind the scene effort to silence this thought-provoking and refreshing effort in public education and entertainment.

Sunday's effort on co-existence, demagogues and kidney machines was the usual TV highlight of the week. Following on the previous weeks program on automation, which was a skilfully handled treatment of the printer's strike in Toronto, one is amazed at producers Watson and Leiterman's record of consistent high production skill. One would expect the occasional "dud" as anyone knows who is charged with such a regular weekly effort. There have been precious few duds here.

Last Sunday's revelation, coming out of a study done by expert sociologists on co-existence vs atomic annihilation as the answer to the struggle between the eastern and western world, was a shocker. A random sample of Canadians and Americans were asked the question as to which they thought was the ultimate answer to the struggle between today's communism and western style democracy --- eventual peaceful co-existence or atomic annihilation? The results revealed that 10% of the correspondents had no opinion. The remaining 90% were equally divided as to their predictions on these two alternatives. In other words about half the population today believes that the only answer to the so-called communist menace to our way of life is the eventual use of atomic force!

The other astonishing result of this study was the statement on the part of one of the investigators that the one common element of the people who favoured violence was that they were largely practising Christians who attended church regularly. Even a majority of clergymen interviewed favoured the violent alternative! Food for thought?

Probably the reason we admire this program the most is its policy of hitting hard at unrealistic, mass-produced public opinion on important current problems by forcing the viewer to do a bit of thinking on his own. For example, the bit on the life-saving kidney machine and how it keeps people who are suffering certain kidney ailments alive, was interesting in itself. The really surprising part that almost all viewers learned for the first time about this amazing medical discovery was the simple fact that such a life giving instrument is denied to a large majority of patients needing it simply because the machine and the treatment process is too expensive and so it has to be used only in "certain cases."

Finally last week's program suggested wonder and amazement at the spectacle of 6000 people in the Vancouver area turning out to hear Pat Burns advertise his present employment plight!

EASTER BREADS

Basic Dough

- 1/3 cup milk
- 1/4 cup granulated sugar
- 1 teaspoon salt.
- 2 tablespoons margarine or butter
- 1/2 cup luke warm water
- 1 teaspoon granulated sugar
- 1 envelope fast-rising active dry yeast
- 2 eggs well-beaten
- 2-3/4 cups pre-sifted all purpose flour.

Scald milk, stir in 1/3 cup sugar, salt and margarine or butter. Cool to luke warm.

Meantime, measure lukewarm water into large mixing bowl, stir in 1 teaspoon sugar. Sprinkle yeast on top. Let stand 10 minutes, then stir well.

Add lukewarm milk mixture, beaten eggs and 1-1/2 cups flour. Beat until smooth. Add fruit according to desired bread. Mix in enough additional flour to make a soft dough - about 1-1/4 cups more.

Turn out on lightly floured board, knead until smooth and elastic. Place in a greased bowl, grease top. Cover. Let rise in a warm place, free from draft, until doubled in bulk - about 1-1/2 hours.

Punch down dough, turn out onto lightly floured board. Follow shaping instructions for individual breads.

Bake in moderate oven (350 deg. F) for 30/35 minutes. When cool, frost with confectioners icing and decorate as desired.

Italian Egg Ring : Add 1/2 cup chopped candied fruit and 1/4 cup slivered almonds to basic dough. To shape, divide dough in half and roll each into a 1" diameter rope. Twist the two ropes loosely to form a ring on greased baking sheet. Brush with soft margarine. If desired place hollowed egg shells into spaces in the twist. Cover and let rise about one hour. Bake as directed.

Greek Easter Bread : Add 1/2 cup seedless raisins to basic dough. To shape divide dough in three pieces. Shape each into a smooth ball. Place on greased baking sheet to form a three petal "flower", about 1/2" apart. Cover and let rise about one hour. Bake at 375 deg. F. (moderately hot) for 15/20 minutes or until done.

Kulich : Add 1/4 cup seedless raising and 1/4 cup chopped blanched almonds to basic dough. To shape, divide dough in half; shape into balls. Press each ball into a greased one pound coffee tin. Cover and let rise about one hour. Bake as directed.

Continued from last week.
Moving With The Times.

Nor more surprised than I, however, when I noticed for the first time another phone above the one that I had reduced to dangling helplessness. This telephone of a sleek streamlined variety was bandaged with black adhesive tape. Are there sick telephones I wondered idly, as I finished my spaghetti in peace, and are they treated with a sort of telephonic band-aid?

The rest of the evening passed in exploring our surroundings, and nothing was further from my mind than telephones the next morning when I stopped in at the farm. Suddenly after an exchange of pleasantries over the milk, Mrs. Widgeon remarked, "Have you had any trouble with your 'phone?" "Trouble!" I burst out, "We came here for a rest, and the darned thing was ringing all last evening. In the end I took the receiver off." Mrs. Widgeon's face darkened. "So you were causing the trouble!" she exclaimed. "We couldn't think who was behind the disturbance on the line last night. It's a six party line you see," she explained. My jaw must have dropped six inches, for she continued good naturedly, "You should try muffling the bell with cotton". So I went back to the cottage, and I strangled the telephone with my own hands.

As time passed we noticed the telephone less. Our days were spent on the beach or in the boat, and only at cocktail time would there be a crop of calls. Even these, thanks to Mrs. Widgeon had become bearable. Daily we revelled in other sounds, the ripple of water on the sands, the occasional bark of seals, and the husky arguments of the heron as they disputed each other's property rights.

Suddenly, one morning towards the end of our stay, pandemonium broke loose. Satan must have been making 'phone calls that morning. The sleek new telephone, silent until now beneath it's bandage of adhesive tape gave tongue shrilly every few seconds. The first five times I flew to silence it, then as the devilish demands increased, I fled.

(To be concluded)

Fulford Cougars League Champions for 1965.

The Fulford Cougars were too much for the Central Hawks in the final game of the season last Sunday. The Cougars took a 4-0 lead in the first period. The last two periods were close contests with the Hawks scoring their two goals of the game. The final score was 6-2.

This placed the Cougars on top of the league for the season with 12 points. The Hawks finished second with 8 points. The 3 stars were Ken Kyler, Alick Kitchen & Chuck Davis.

Kitchen Best Goalie

The Cougars owe a great deal of their success to their goalie Alick Kitchen who has won for himself the honor of least goals against average for the season.

Dynamiters Upset Leftovers

The Ganges Dynamiters downed the Saltspring Leftovers by a score of 6-3 to capture third place in the final league standings for 1965.

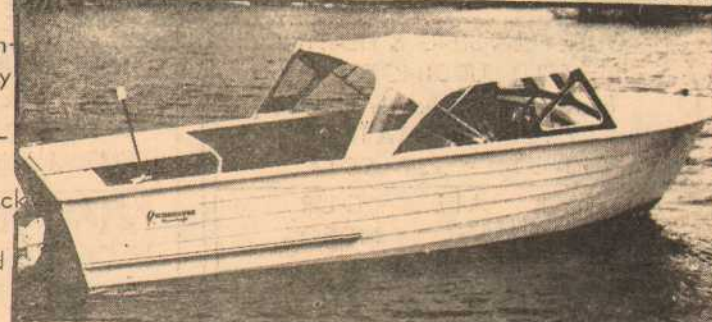

The 3 stars as chosen by Chuck Oxley were Steve Alexander, Bob Moulton and Henning Satermo.

Fulford Warriors League Champs in Midget Division

The final game of the Midget League played last Sunday between the Fulford Warriors and the Northend Maple Leafs resulted in a 9-1 shellacking in favor of the Warriors. The victory put the Warriors on top with a total of 8 points. The 3 stars were Rick Kyler, (Cont'd. to P. 7, Col. 2)

SALT SPRING SAGA \$1.95

by Eric A. Roberts

CANDID CAMERA CORNER
Who Is It?

HILL TRAVELOGUE WELL ATTENDED

The sum of \$27 was taken in at Nan's Coffee Bar last week, thanks to Mrs. Beth Hill, who took about 50 people on a picture journey to Europe and Ireland. The pictures were splendid, the commentary interesting and the whole affair was successful. The proceeds to toward St. Mary's furnace fund, and the Guild sponsored the evening. After being introduced by Mrs. A.E. Roddis, Mrs. Hill showed some unique and lovely scenes, which have to be seen to be enjoyed to the fullest.

A vote of thanks to the guest, and refreshments ended a pleasant evening.

FULFORD NEWS

and visit for the news.

Mr. and Mrs. R.R. Alton returned home after spending some weeks in Mexico, where they had an enjoyable holiday.

Visiting her parents, Mr. and Mrs. F. Grant last week and Mrs. Harold Lacy and her children, from Victoria. Mr. H. Lacy who is one of the City Engineers, is away on a business trip in connection with his work.

Spring is here -- but there is still frost in the mornings and isn't that a little out of order for April. In March, yes, but in April! Something's gone haywire in the atmosphere.

Hummingbirds arrived at the R. R. Altons on March 31st, and one buzzed into our conservatory on April 2nd, lots of swallows and wrens, chipping sparrows and finches are showing up by ones and twos, and down by the Holmes place on Isabella Point, the huge bald eagle is nesting, we saw him, or her, fly down and settle on the edge of the aerie, a tremendous affair on the top of a fir tree. Major and Mrs. Holmes have had the thrill of watching

the eagles refitting the nest these past few weeks, now Mrs. Eagle seems to be sitting. A helicopter has been seen hovering around above the aerie, which is an unfortunate thing, as it may disturb the birds during nesting season. According to an article by a graduate from the UBC who is studying the bald eagle habits, (David Hancock) in a week end magazine (Victoria Times, April 3rd) he has looked into 600 active bald eagle nests within two years. He is counting eggs and taking pictures. He showed some very fine pictures but bird watchers feel helicopters should keep away during nesting season. The eagles resent peeping toms and who can blame them? The pictures showed Mr. and Mrs. Hancock banding an adult eagle which must take a lot of courage! It takes six years for an eagle to get the white head and tail, the mark of the bald eagle, says Mr. Hancock.

Mr. and Mrs. A. D. Dane celebrating their 37th wedding anniversary last week were hosts to Mr. and Mrs. A. Davis, who were celebrating their 40th anniversary.

ary. Congratulations to both parties concerned and best wishes from Driftwood.

And three cheers. Arlene Ward is back home and doing well we hear! Mrs. Ward has been in a hospital these past weeks but the main this is that she is better. And we are glad! We know the staff of Driftwood will be glad when she gets back into harness again.

Visiting Mr. and Mrs. W. G. Mossop and family, is Mrs. Mossop's mother, Mrs. F. Olynick of Vancouver. Also a guest of the family is Mrs. R. Wilkes of Manitoba.

Hawksworth.....

uvius to Crofton run. Suffering from a chronic heart condition, he was finally forced to discontinue this work last September and had been awaiting word from medical authorities in Vancouver prior to undergoing surgery.

Mr. Hawksworth leaves his wife, Irene, owner-operator of the K-9 Kennels on Lower Ganges Road, and two boys, David and Brian.

Driftwood extends deepest sympathy to his family as he will be greatly missed in this community.
