ARSON SUSPECTED

CUSHEON LAKE BLAZE

Last Tuesday our local fire department was called to a serious fire at the summer home of Mr. Donald Symons of Vancouver, at 12.30 a.m.

The blaze was well under way when they arrived and heavy damage resulted before the fire was brought under control and extinguished.

The local fire marshall and RCMP have investigated some suspicious circumstances surrounding the event and have discovered that the house was burglarized prior to the fire. A T.V. set, some food items

and liquor were discovered in a cache not far away.

The missing items have been recovered and further investigation including suspected arson are continuing. A charge of breaking and entering has already been entered against a resident of the island.

"Do not be afraid. I know that you are looking for Jesus who was crucified. He is not here -- he is risen, just as he said he would."

(Matthew: 28:5-6)

CREDIT UNION JOINS SAANICH PENINSULA

The members of the S.S.I. Credit Union, in their annual meeting held last Wednesday, March 30 voted unanimously in favour of amalgamation with the Saanich Peninsula Credit Union.

The Credit Union in Ganges is now known as the S.S.I. Branch of the Saanich Peninsula Credit Union and has moved its office next door, on Mc-Philips Ave, occupying one of the offices formerly used by the Provincial Government Assessor.

The phone number at the new premises is listed under Mrs. E. Moore (from whom the space is rented) and is 537-5431 - just ask for the Credit Union. As there will not be a new phone book out for a while members should make note of this number.

Until further notice, the office is open for business as usual on Mondays and Thursdays, 10 a.m. to 12 noon, and 1 p.m. to 5 p.m. Members will be advised of any changes as they take place, and any meetings held. Members and others are welcome to drop in any time the office is open.

A selection of directors and committee members to represent the Island will be made shortly in Saanich.

Pender Island Credit Union, one of the smallest in the Province also voted to amalgamate with Saanich Peninsula Credit Union at their meeting held 23rd March.

MARCH WEATHER

High temperature of 60 degrees for March was recorded on the 25th and low of 29 degrees on the 2nd, reported Mr. H.J. Carlin, official weather observer.

Precipitation of 4.41 inches included 1/2 inch of snow on March 19th.

Maximum mean temperature was 49.3 degrees; minimum mean 37.3 degrees.

March 1965 had a high reading of 68 degrees, low 25 degrees and only 1.32 inches precipitation.

T.V. CABLE

BEING INSTALLED

Those telephone trucks and crews around the island these last few days have been busy stringing the cable for Cablevision as reported in DRIFTWOOD some weeks ago. It looks like a very extensive undertaking and will probably last for some days. The head of the operation is located up on the Cranberry and plans call for service to the Ganges area up to the Hospital and then on to Vesuvius and other areas as the demand increases.

We note that the committee struck at the Chamber of Commerce Annual Meeting to investigate and carry on plans for the Bowling Green as part of the Centennial Project on the Boat Basin fill area is working hard and coming up with a lot of enthusiasm and concrete ideas.

This matchless summer weather of yesterday and today makes it very easy to visualize formal and informal lawn bowling by the sea as a prime attraction both to visitors - and residents of the island alike.

Chatting with the chairman of the Committee, Mr. Ray Hill, we learn that the committee is putting a lot of confidence on the outcome of a special bowling meeting at the Legion Hall on Thursday, April 14th, at 8 p.m. Anyone who is even mildly interested will be welcomed even if you are not now a bowler. We bet with the kind of enthusiasm we have heard about, present plans for the project will go ahead.

FERNWOOD POINT

Fernwood Point, in morning sun; slanting rays make shadows run
In narrow strips, like finger tips Westward pointing for the sun.
As if it didn't know, that it has but a day to go
To do its work; dry the Earth, and make things grow.

Straight down the hill on Fernwood road;
within feet from the sea,
Is a dark tall ragged fir tree, leaning to the lee,
The top is bare and sere, there eagles often perch and stay
To swoop on unsuspecting prey, hoisting it far away.

One road's left, and one goes right, in front the pier and sea.
Here's a bench on the green; come sit and talk a while to me.
The coolest spot's the shady beach for sultry Summer days.
O'er placid seas; the breakers roar as big ships plough their ways.

Some times the sea is grey, at times with angry breakers:- white.
Some days it's clothed in deepest blue in the sun-shine bright,
And the pier:- a dragon's long red tongue resting on the sea.
All of this at Fernwood? - and the sunsets too are free!

CANCER SOCIETY NEEDS YOUR HELP

The recent expansion of B.C.'s cancer research facilities brings increased urgency to raising more money in this year's Conquer Cancer Campaign, says Miss M. Corbett.

"I have just completed a tour of the new research laboratories at the B.C. Cancer Institute in Vancouver and I am tremendously impressed with the work being done by six research physicians who have brought their projects together in the new centre."

Miss Corbett said the tour of the new centre, the second major cancer research facility in B.C. was one of the highlights of the Twenty-fourth Annual Conference of the B.C. and Yukon Division of the Canadian Cancer Society in Vancouver March 13 - 15th.

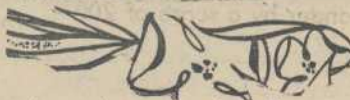

"We learned that in 1965 the B.C. and Yukon Division of the Society provided a total of \$514,336 for cancer research, including \$200,000 towards construction of the new research laboratories at the B.C. Cancer Institute.

"This large contribution to research was greater than the total money raised in the 1965 Cancer Campaign which must also support vital programmes of cancer education and welfare services. It was possible only because of special bequests over and

above the campaign."

"Right now we need more volunteers, more hard work and more understanding of the urgency of our appeal than ever before.

"The researchers working in our two major research centres in Vancouver and smaller laboratories elsewhere are looking toward us for help; the thousands of people who could be saved from cancer if we could motivate them through education to see their doctor early demand our all-out effort; our concern for the welfare of our families and neighbours impels us to resist complacency."

Miss Corbett has announced that the local campaign for funds will be undertaken right after Easter holidays when the C.G.I.T. will conduct a door-to-door canvass.

Please note the date - Tuesday, APRIL 12, 8 p.m. United Church Hall. Local stores will be closed Good Friday only.

Last year Gulf Islands Branch had 38 members in the Historical Association and we understand the membership is increasing rapidly.

All this leads up to wondering why there is no Historical Association on Salt Spring where our history is colourful and largely undocumented. Centennial Report

1867 | 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

Report No. 2

A few weeks ago I made a statement during a luncheon address that we at the Centennial Commission in Ottawa are so busy we don't have time for coffee breaks.

The next day I was passing an open door in our office building and was jolted by a scene which belied my remark of the day before. Two Commission staff members were in spirited conversation — over coffee! Only the fact that the time was 5:15 p.m. (after office hours) softened the shock to the sensibilities of a stern administrator.

I was invited into the session. The two young staffers were Marcel X, a French Canadian, and John Y, an English Canadian, who had come to Ottawa a couple of months earlier to work on Centennial projects.

"We have made some interesting rediscoveries about the Fathers of Confederation," remarked Marcel X. "For example, I did not recollect, until I came to work here, that D'Arcy McGee was for a time a separatist. And neither John nor I remembered from history lessons at school that Sir Georges-Etienne Cartier had been exiled for being a rebel with Papi-neau."

A number of the Fathers of Confederation did in fact have bitter beefs which stemmed from regional interest and worries about provincial rights, all of which they eventually subordinated to the ideals hoped for in federation. In fact some of those men were abandoned by their constituents at home for being too "pro" confederation. Joseph Howe of Nova Scotia, one of the most talented writers of the confederation period,

fumed against confederation yet he joined Sir John A's first government Nov. 16, 1869. (How ironical that on our Centennial train we will show his printing press which he used to whip confederation!)

I believe that involvement in the 1967 celebrations will give Canadians, through their rediscoveries of history, a better understanding of themselves and their place in their country and in the world. We Canadians in 1967 should be in a mood to look at history calmly and objectively and I believe that when we do this we will be helping to create in ourselves a tolerant attitude which will enhance our approach to some of today's problems of nationhood.

The coffee break turned out to be something of value after all. I think that discussions of this sort, particularly among students who, with their teachers and professors will be drawn to them during our Centennial Year, are good for Canada.

The Centennial Commission is actively engaged with Canada's universities on a Centennial program to stimulate the sort of discussion I heard at the coffee break. During the universities program a series of historical seminars will study select areas of Canadian history, with emphasis on topics which are controversial. In addition notable lecturers and artists will make visits to campuses and two touring Centennial plays, one English and one French, are to be produced with student actors from across the country. There will be other learned conferences and seminars all of which will encourage our young people to take advantage of lessons learned in the past to chart the future for Canada.

FULFORD NEWS

by Bea Hamilton

Mrs. Mabel Grosart is doing very well in the Vancouver General Hospital after having her leg amputated. She expects to be home some time within the next few weeks, which is good news.

Mr. A. Davis is a patient in the Lady Minto Hospital.

All kinds of pleasure cruisers are seen coming and going in Fulford and

all around the Island. Looks summery.

On the eve of her birthday, Mrs. Alfred Ruckle went to St. Joseph's Hospital. She is reported to be doing well. Mrs. Ruckle was born in Hull, Yorkshire, England, in 1874, so is 92. Our best get well wishes to all these hospitalized people and happy homecoming to all.

FARMER'S INSTITUTE HOLDS ANNUAL MEETING

George Heinekey was re-elected president of the Salt Spring Island Farmer's Institute at their annual meeting held in the Legion Hall March 23rd.

Mrs. Jack McNulty was re-elected secretary-treasurer. Directors elected were E.H. Gear, P.G. James, T.J. Butt and William Shaw.

The Institute will continue to offer a bursary of \$200 to a local student continuing education in agriculture. The Co-op store is making good progress.

Mrs. P.G. James reviewed the history of the Institute since its founding in the late 1800's. This has always been a forward looking and energetic association. Mr. and Mrs. James are in process of compiling an historical pamphlet on the Institute to be published this year. Have any old-timers information or pictures that may be useful in this project? Is so, please contact Mrs. James.

Following the business meeting, "White Pass and Yukon Railway", an interesting and informative film was shown.

PARLOUR SHOW FOR GARDEN CLUB MEMBERS

Members of Salt Spring Island's Garden Club will feature a Parlour Show of flowers at their next meeting - Wednesday, April 13 at the United Church Hall.

Members may submit 3 blooms of daffodils and 3 blooms of other spring flowers. The entries will be judged to form a basis for instruction as to suitable exhibits for the Spring Flower Show. Members are also requested to bring flowers for identification as to type and correct class for Show entries.

The Spring Flower Show will be held Saturday, April 30th at 2 p.m. Fulford Hall.

CAPO MYSTERY TOUR SUCCESS

Thursday, March 31st
CAPO members enjoyed a
Mystery Tour to Victoria
over the Malahat and home
via Crofton - Vesuvius.

The tour proved to be a
popular event. The day
offered ideal weather for
viewing the colourful bulb
farms and flowering trees
along the way. Mattick's
Farm was of interest to all.

The tour went on to
Mt. Tolmie where the view
of the snow-capped Olym-
pic Range as a backdrop
for Victoria was superb.

The group stopped at
the interesting Net Loft
Restaurant for a smorgasbord
lunch.

They continued with a
drive along Dallas Road,
then on to Malahat Drive
where stops were made at
look-but points, the Chalet,
and the Glass Castle. After
a short stop in Duncan,
they went on to Crofton
and home.

Mr. Scot Clarke ent-
ertained with his banjo
and all joined in a sing-
song. Everyone agreed it
was a most enjoyable day.

The April 5th Mystery
Tour followed the same
schedule.

A great day to discover how little long distance costs

On this special day the voices of loved ones, perhaps from hundreds of miles away, have a special place in our hearts. Memories are sharpened, experiences recaptured. It is a day when togetherness means so much and—as always with B.C. TEL—costs so little.

Now a student son or daughter away at college can afford a long distance call home (especially if they call "collect"). Long distance rates are among the very few items of personal expenditures which, over the years, have lagged far behind the general rise in other living costs. In fact, many long distance calls actually cost less in dollars and cents today than 10 years ago. Moreover, after 6 pm and all day Sunday they are cheaper by about one-fifth.

Check the rates yourself in your telephone book or dial "O" and ask the operator. You'll be surprised how little it costs to

enjoy "the next best thing to being there." Here, for example, are a few current charges:

VANCOUVER—PRINCE GEORGE.....	\$1.35
NEW WESTMINSTER—CALGARY.....	\$1.50
VICTORIA—TORONTO.....	\$1.95
(Evening, station-to-station calls, first 3 minutes)	

On this important day of the year there's more reason than ever to use Long Distance for all it's worth!

In Vancouver call 683-5511

If calling long distance, ask the operator
for ZENITH 7000 (there is no charge).

IN THE HOUSE

by David D. Stupich, M.L.A.
Nanaimo and the Islands.

At 10 o'clock Thursday morning, March 31st, we are very near the end of the present session of the legislature. There is every indication that this will be the last session of the present parliament. Minister after minister has raised the possibility of an early election and the general consensus among the newsmen who have talked to the Premier is that an election will be called this Spring.

Early in each of my three sessions of the legislature the opposition parties generally have criticized the government for not making more use of the Select Standing Committees. Partly as a result of this criticism, I suppose, these committees have been more active than ever before in my knowledge.

I was a member of three committees and found the work very interesting, very informative yet very demanding. In the last four weeks I have had a committee meeting every morning and occasionally in the dinner adjournment between 6 and 8:30 p.m.

The most active of the committees I sat on was the one on Forestry. The forests are the basis of most of our industrial development in British Columbia and as such they are our most important natural resource. This committee meets every year and is always the hardest working committee in the house.

This session we were concerned particularly with proposals to harvest driftwood. It is estimated that there are three hundred million F.B.M. on our beaches and that this total is increasing at the rate of 10,000,000 per year. It will be a costly job to remove this driftwood and some of the applicants are contemplating very heavy investments in floating equipment for making lumber and wood chips.

These applicants are concerned first with having a sufficient volume of wood reserved for their individual use to warrant the investment, and also the fact that our laws as they presently

exist protect ownership of these logs. As the law stands even logs that have been on the beach for 10 or 20 years still belong to the original owner if they can be identified.

If it were necessary to sort logs as to ownership this would increase the cost of the proposed operations and could make them uneconomical.

One of the most interesting facts that came out of my studies on forestry this year is that some 26 million acres of Crown land have been insufficiently re-forested. It would cost \$20.00 per acre to replant for a total of \$520 million but the annual return in gross sales value would be \$30 million per year. Our total investment

would be recovered in 18 years, and the next 72 years of the 90 year cycle would be clear gain.

Just as today, man experimented first with animals before soaring aloft himself. The foreign travel department of the B.C.

Automobile Association notes that an exhibit in the Swiss Transport Museum in Lucerne recounts the exploit of a sheep, a chicken and a duck which went aloft in September, 1783, under a hot air balloon. Men tried it the following month.

VALCOURT CONVICTED OF CARELESS DRIVING

Mr. Noel Valcourt was convicted of a charge of careless driving in magistrate's court this last week. He was fined \$75 and his license was partially suspended for three months.

The charge resulted when he drove his car toward Ganges on the Beddis Road several weeks ago. Coming around the corner of the barn on the Inglin farm the car went into a skid and narrowly missed another car approaching from Ganges.

Three other cars driven by youths were also charged in the same incident. One was driven by Brian Beech, another by Eric Kitchen and the third by a juvenile. These charges were either dismissed or withdrawn.
